## Subject Index

### Abdomen

- small intestinal submucosa: utilization for repair of rodent abdominal wall defects (Prevel et al) 1995;35:374
- use of groin flap and anterolateral thigh adipofascial flap of tensor fascia lata for reconstruction of a wide lower abdominal wall defect (Terashi et al) 1995;35:320 (Case report)
- use of the transverse rectus abdominis musculocutaneous flap after abdominoplasty, with invited discussion by Hartrampf and Beckenstein (Sozer et al) 1995;35:409 (Case report)

### Abscess

- Lemierre's syndrome: a case of postanginal septicemia and bilateral flank abscesses (Karanas et al) 1995;35:525 (Case report)

### Adipofascial flaps; see Flaps, adipofascial

### Adolescence

- lasting success in teenage reduction mammoplasty (McMahan et al) 1995;35:227

### Adventitia

- acute adverse effects of blunt adventitial stripping (Lohman et al) 1995;35:60

### Aging

- fibroblast responses to cytokines are maintained during aging (Freedland et al) 1995;35:290

### Alopecia

- re: minimal expansion for correction of male pattern baldness (Hubbard) (Letter); (McCafferty) (Reply) 1995;35:441

### The American Association for Hand Surgery

- presidential remarks (Smith) 1995;35:116 (Guest editorial)

### Amniotic band syndrome

- amniotic band attachment to a fetal limb: demonstration with real-time sonography (Laberge et al) 1995;35:316 (Case report)

### Anastomosis, surgical

- acute adverse effects of blunt adventitial stripping (Lohman et al) 1995;35:60
- microsurgical reconstruction of the lower extremity using the 3M microvascular coupling device in venous anastomoses (Denk et al) 1995;35:601

### Anatomy

- fetal porcine vascular anatomy: clinical and research implications for fetal surgery (Rohrich et al) 1995;35:369
- inframammary ligament: myth or reality? (van Straalen et al) 1995;35:237

### Anesthesia, topical

- efficacy of the topical anesthetic cream, EMLA, in alleviating both needle insertion and injection pain (Raveh et al) 1995;35:576

### Aneurysm

- mycotic pseudoaneurysm complicating flap closure of an infected median sternotomy (O'Connell et al) 1995;35:420 (Case report)

### Animal studies

- acute adverse effects of blunt adventitial stripping (Lohman et al) 1995;35:60
- additional benefit of heparin in the thrombolytic salvage of ischemic skin flaps (Hirigoyen et al) 1995;35:612
- animal study of skin resurfacing using the ultrapulse carbon dioxide laser (Yang and Chai) 1995;35:154
- calcitonin gene-related peptide increases microcirculation after mechanically induced ischemia in an experimental island flap (Gherardini et al) 1995;35:178
- effect of anticoagulation and inhibition of platelet aggregation on arterial versus venous microvascular thrombosis, with invited discussion by Stassen and Nyström (Li and Cooley) 1995;35:165
- effects of endothelin-1 on flap necrosis (Tane et al) 1995;35:389
- effects of lipo-prostaglandin E<sub>1</sub> on axial pattern flaps in rabbits (Kuwahara et al) 1995;35:620
- fetal porcine vascular anatomy: clinical and research implications for fetal surgery (Rohrich et al) 1995;35:369
- graft-versus-host disease in extremity transplantation: digital image analysis of bone marrow in situ (Hewitt et al) 1995;35:108
- mesenchymal commitment to digital joint formation (Ginsburg et al) 1995;35:95
- peripheral nerve allograft transplantation with FK506: functional, histological, and immunological results before and after discontinuation of immunosuppression (Büttemeyer et al) 1995;35:396
- rat saphenous flap: a fasciocutaneous free flap model without panniculus carnosus (Mutaf et al) 1995;35:402
- reducing ischemia-reperfusion injury in rat island groin flaps using dexamethasone (Dolan et al) 1995;35:285
- small intestinal submucosa: utilization as a wound dressing in full-thickness rodent wounds (Prevel et al) 1995;35:381
- small intestinal submucosa: utilization for repair of rodent abdominal wall defects (Prevel et al) 1995;35:374
- squamous cell carcinoma growth in irradiated tissue: a murine model for quantitative assessment of treatment (Baker et al) 1995;35:171
- vein, Silastic, and polyglycolic acid fine mesh: a

- comparative study in peripheral nerve repair (Lolley et al) 1995;35:266
- Anticoagulants**  
effect of anticoagulation and inhibition of platelet aggregation on arterial versus venous microvascular thrombosis, with invited discussion by Stassen and Nyström (Li and Cooley) 1995;35:165
- Areola; see Breast**
- Argon laser surgery; see Laser surgery**
- Arterial thrombosis; see Thrombosis**
- Athletics; see Sports**
- Atrophy**  
free fat autotransplantation for the cosmetic treatment of first web space atrophy (Ghobadi et al) 1995;35:197
- Axilla**  
axillary breast tissue: clinical presentation and surgical treatment (Lesavoy et al) 1995;35:356  
monitoring the axilla in patients with silicone gel implants (Kulber et al) 1995;35:580
- Baldness; see Alopecia**
- Bandages**  
secure dressing after nipple-areola reconstruction (Monteiro) 1995;35:220  
toxic epidermal necrolysis: a review and report of the successful use of Biobrane for early wound coverage (Bradley et al) 1995;35:124
- Basal cell carcinoma; see Carcinoma, basal cell**
- Biobrane; see Bandages**
- Biomechanics**  
medial canthopexy: an experimental and biomechanical study (Dagum et al) 1995;35:262
- Biopsy, needle**  
needle localization breast biopsy with reduction mammoplasty (Velanovich and Wade) 1995;35:413 (Case report)
- Blood vessels, anatomy**  
fetal porcine vascular anatomy: clinical and research implications for fetal surgery (Rohrich et al) 1995;35:369
- Blue nevus; see Nevus, pigmented**
- Bone fixation**  
comparative biomechanical stability of titanium bone fixation systems in metacarpal fractures (Prevel et al) 1995;35:6  
intraosseous wiring in toe-to-hand transplantation (Yim and Wei) 1995;35:66  
treatment of thumb ulnar collateral ligament ruptures with the Mitek bone anchor (Kozin) 1995;35:1
- Bone marrow**  
graft-versus-host disease in extremity transplantation: digital image analysis of bone marrow in situ (Hewitt et al) 1995;35:108
- Bone wires**  
intraosseous wiring in toe-to-hand transplantation (Yim and Wei) 1995;35:66
- Book reviews**  
*Anthropometry of the Head and Face, Second Edition*, edited by Farkas (Buchman) 1995;35:445  
*The Arterial Anatomy of Skin Flaps*, by Cormack and Lamberty (Pribaz) 1995;35:226  
*Atlas of Surgical Anatomy of the Face and Neck*, by Saban and Polselli (Zide) 1995;35:336  
*Deep Face-Lifting Techniques*, edited by Psillakis (Oneal) 1995;35:444  
*Endoscopic Plastic Surgery*, by Bostwick et al (McKinney) 1995;35:335  
*Radiologic Anatomy CD-ROM Multimedia Medical Software for Macintosh and IBM*, by Lanier et al (Bermant) 1995;35:225  
*Re-Operative Anesthetic and Reconstructive Plastic Surgery*, edited by Grotting (Courtiss) 1995;35:445
- Brachioradialis muscle**  
brachioradialis muscle flap: clinical anatomy and use in soft-tissue reconstruction of the elbow (Rohrich and Ingram) 1995;35:70
- Breast**  
atypical *Mycobacterium* and breast surgery (Widgerow et al) 1995;35:204  
axillary breast tissue: clinical presentation and surgical treatment (Lesavoy et al) 1995;35:356  
clinical significance of intracapsular fluid in patients' breast implants (Ahn et al) 1995;35:455  
lasting success in teenage reduction mammoplasty (McMahan et al) 1995;35:227  
long-term effects of internal mammary chain irradiation and its role in the vascular supply of the pedicled transverse rectus abdominis musculocutaneous flap breast reconstruction (Evans et al) 1995;35:342  
long-term experience with nipple-areola tattooing (Spear and Arias) 1995;35:232  
metanalysis of breast implants and connective tissue disease (Perkins et al) 1995;35:561 (Special article)  
monitoring the axilla in patients with silicone gel implants (Kulber et al) 1995;35:580  
needle localization breast biopsy with reduction mammoplasty (Velanovich and Wade) 1995;35:413 (Case report)  
postmastectomy reconstruction: comparative analysis of the psychosocial, functional, and cosmetic effects of transverse rectus abdominis musculocutaneous flap versus breast implant reconstruction (Cederna et al) 1995;35:458  
re: do patients with silicone-gel breast implants have elevated levels of blood silicon compared with control patients? (Garrido and Ackerman) (Letter); (Peters et al) (Reply) 1995;35:441  
reduction mammoplasty: an outcome analysis (Dabbah et al) 1995;35:337

**Teenagers; see Adolescence**

**Telangiectasia, hereditary hemorrhagic**

surgical management of life-threatening epistaxis in Osler-Weber-Rendu disease (Rebeiz et al) 1995;35:208

**Temporomandibular joint**

synovial cell sarcoma of the temporomandibular joint (Stadelmann et al) 1995;35:664 (Case report)

**Tendon transfer**

management of the unbalanced wrist in cerebral palsy by tendon transfer (Sakellarides and Kirvin) 1995;35:90

**Tendons**

medial canthopexy: an experimental and biomechanical study (Dagum et al) 1995;35:262

**Tenosynovitis**

stenosing tenosynovitis of the extensor carpi ulnaris (Crimmins and Jones) 1995;35:105

**Tensor fascia lata**

use of groin flap and anterolateral thigh adipofascial flap of tensor fascia lata for reconstruction of a wide lower abdominal wall defect (Terashi et al) 1995;35:320 (Case report)

**Teratoma**

large nasal tip teratoma (Hansen et al) 1995;35:522 (Case report)

**Thermography**

thermographic mapping of perforators and skin blood flow in the free transverse rectus abdominis musculocutaneous flap (Salmi et al) 1995;35:159

**Thigh**

cutaneous pseudolymphoma: an unusual presentation of a deep subcutaneous thigh mass (Gosain et al) 1995;35:541 (Case report)  
thigh augmentation (Kon et al) 1995;35:519 (Case report)

**3M microvascular coupling device; see Surgical equipment**

**Thrombolytic therapy; see Fibrinolytic therapy**

**Thrombosis**

effect of anticoagulation and inhibition of platelet aggregation on arterial versus venous microvascular thrombosis, with invited discussion by Stassen and Nyström (Li and Cooley) 1995;35:165

**Thumb**

radial polydactyly: an outcome study (Ganley and Lubahn) 1995;35:86  
treatment of thumb ulnar collateral ligament ruptures with the Mitek bone anchor (Kozin) 1995;35:1

**Tissue expansion**

re: invited discussion of tissue expansion-assisted

prefabrication of the forehead flap for nasal reconstruction (Golembe) 1995;35:335 (Letter)  
re: minimal expansion for correction of male pattern baldness (Hubbard) (Letter); (McCafferty) (Reply) 1995;35:441  
tissue expanders and magnetic resonance imaging: the "hot" breast implant (Duffy and May) 1995; 35:647 (Case report)

**Titanium**

comparative biomechanical stability of titanium bone fixation systems in metacarpal fractures (Prevel et al) 1995;35:6

**Toe, transplantation**

intraosseous wiring in toe-to-hand transplantation (Yim and Wei) 1995;35:66

**Topical anesthesia; see Anesthesia, topical**

**Toxic epidermal necrolysis**

toxic epidermal necrolysis: a review and report of the successful use of Biobrane for early wound coverage (Bradley et al) 1995;35:124

**Traction splinting; see Splints**

**Transsexualism**

refinements of pre-, intra-, and postoperative care to prevent complications of vaginoplasty in male transsexuals (Karim et al) 1995;35:279

**Transverse rectus abdominis muscle; see Rectus abdominis muscle**

**Triangular fibrocartilage complex**

"press test" for office diagnosis of triangular fibrocartilage complex tears of the wrist (Lester et al) 1995;35:41

**Tumor necrosis factor**

effect of syringe-assisted liposuction on activation of cascade systems and circulating cells when using the superwet or tumescent technique (Samdal et al) 1995;35:242

**Turribrachycephaly**

turribrachycephaly: a technical note, with invited discussion by Persing (Cohen et al) 1995;35:627

**Ulcer**

bilateral gluteus maximus V-Y advancement musculocutaneous flaps for the coverage of large sacral pressure sores: revisit and refinement (Chen) 1995;35:492  
coverage of elbow ulcers in a patient with Werner's syndrome (Salinas Velasco et al) 1995;35:423 (Case report)  
natural history of pressure sores in a community hospital environment (Isenberg et al) 1995;35:361

**Ulnar artery**

reverse neurovascular homodigital island flap (Adani et al) 1995;35:77

**Ulnar collateral ligament**

treatment of thumb ulnar collateral ligament ruptures with the Mitek bone anchor (Kozin) 1995;35:1

**Ulnar nerve**

cutaneous distribution of the ulnar nerve in the palm: does it cross the incision used in carpal tunnel release? (Born and Mahoney) 1995;35:23

**Ultrapulse carbon dioxide laser surgery; see Laser surgery****Ultrasonography**

- amniotic band attachment to a fetal limb: demonstration with real-time sonography (Laberge et al) 1995;35:316 (Case report)

**Umbilicus**

- new lunch box-type method in umbilical reconstruction (Onishi et al) 1995;35:654 (Case report)

**Vagina**

- refinements of pre-, intra-, and postoperative care to prevent complications of vaginoplasty in male transsexuals (Karim et al) 1995;35:279

**Vascular malformations**

- intralesional laser photocoagulation—steroids as an adjunct to surgery for massive hemangiomas and vascular malformations, with invited discussion by Achauer (Apfelberg) 1995;35:144
- significant hemangiomas and vascular malformations of the head and neck: clinical management and treatment outcomes (Kane et al) 1995;35:133

**Veins, transplantation**

- vein, Silastic, and polyglycolic acid fine mesh: a comparative study in peripheral nerve repair (Lolley et al) 1995;35:266

**Velopharyngeal insufficiency**

- modified orthicochea pharyngoplasty for treatment of unilateral velopharyngeal incompetence (Bonawitz et al) 1995;35:607

**Venous flaps; see Flaps, venous****Venous thrombosis; see Thrombosis****Vitiligo**

- re: treatment of vitiligo with melanocytic grafting (Grauzam) (Letter); (Achauer) (Reply) 1995;35:224

**Web space**

- first web space release with the dorsal hand rotation flap: closing the donor site (Marble and Fudem) 1995;35:83
- free fat autotransplantation for the cosmetic treatment of first web space atrophy (Ghobadi et al) 1995;35:197

- use of type III venous flaps: single- and multistaged procedures, with invited discussion by Pearl (Alexander et al) 1995;35:214

**Werner's syndrome**

- coverage of elbow ulcers in a patient with Werner's syndrome (Salinas Velasco et al) 1995;35:423 (Case report)

**Wires; see Bone wires****Wound contracture; see Contracture****Wound infection**

- long-term sequelae following median sternotomy wound infection and flap reconstruction (Yuen et al) 1995;35:585

**Wounds and injuries**

- comparative clinical study of the Sure-Closure device with conventional wound closure techniques (Narayanan et al) 1995;35:485
- late, fatal complication of a high energy thermal injury to the scalp (Clements et al) 1995;35:650 (Case report)
- re: the factitious wound: plastic surgeon beware (Marshall) 1995;35:443 (Letter)
- reconstruction of the totally degloved little finger with a bilobed digital neurovascular island flap (Tsai et al) 1995;35:529 (Case report)
- small intestinal submucosa: utilization as a wound dressing in full-thickness rodent wounds (Prevel et al) 1995;35:381

**Wrist**

- complications of 50 consecutive limited wrist fusions by a single surgeon (Brown and Erdmann) 1995;35:46
- management of the unbalanced wrist in cerebral palsy by tendon transfer (Sakellarides and Kirvin) 1995;35:90
- new dorsal capsulotomy for the surgical exposure of the wrist (Berger et al) 1995;35:54
- "press test" for office diagnosis of triangular fibrocartilage complex tears of the wrist (Lester et al) 1995;35:41
- quantification of the relationship between dynamic grip strength and forearm rotation: a preliminary study (LaStayo et al) 1995;35:191
